SKILLS

Senior software engineer with over 5 years of front-end development experience using Angular, ReactJS, and TypeScript. Proficient in JavaScript, HTML, CSS, TailwindCSS, NodeJS, NPM, and CI processes using GitHub Actions. Experienced in Scrum-based agile methodology, with a focus on delivering innovative products of consistent quality. Excellent cross-team communicator and collaborator.

EXPERIENCE

Athian, Inc. - Remote - *Senior Software Engineer*

JUNE 2023 - NOV 2024

- Full-stack software development using React, TypeScript, HTML, CSS, Tailwind, REST, and AWS.
- Maintained product security and streamlined dependency upgrades, leading to shorter security risk response times.
- Configured monorepo workspaces using NX and Vite.
- Authored and updated CI workflows using GitHub Actions.

nCino, Inc. - Wilmington, NC - *Senior Software Engineer*

APR 2020 - JUNE 2023

- Full-stack software development using Angular, TypeScript, and JavaScript.
- Salesforce platform development with Apex and the nCino cloud banking platform.
- Maintained product security and streamlined updates through dependency management in a NodeJS environment.
- Developed custom tools and scripts to optimize development workflows in an Angular monorepo, leading to more than 30% faster build times, and over 20% more code coverage.
- Led a team to standardize and streamline the maintenance of multiple Angular projects, ensuring consistent updates and alignment with best practices.

nCino, Inc. - Wilmington, NC - *Associate Software Engineer*

SEPT 2018 - APR 2020

- Full-stack software development using AngularJS, Angular 2+, TypeScript, JavaScript.
- Salesforce development with Apex and the nCino platform.
- Improved code reliability and security by setting standards for code coverage enforcement.
- Independently led the upgrade of a large-scale Angular workspace across multiple major versions, including a monorepo conversion..

SFREP, Inc. - Sylva, NC - *Software Development & Testing*

NOV 2016 - SEPT 2018

- Desktop software development using C#/.NET, full-stack development using JavaScript and PHP.
- Committed over one million lines of code to production in two years.
- Completed over 20+ projects through all phases of SDLC. Sole developer responsible for QA and testing.

SFREP, Inc. - Sylva, NC - *Technical Support & Testing*

DEC 2013 - NOV 2016

- User-facing technical support for in-house developed software.
- Received several commendations and positive reviews from both customers and co-workers.
- Developed several desktop applications to improve productivity for the entire department.
